Provisions

Hotel Accommodations

We endeavour to select a combination of good quality hotels that reflect the character of the local area as well as being as centrally located as possible, while striving to keep the cost affordable.

Your trip will stay in a range of European hotels of three and four-star quality.

Please be aware that European hotel rooms, especially those in major urban centres or older cities, may be smaller than what you are used to in other parts of the world. Standards and ratings may also be different to your home country.

Rooms are en-suite and either twin or triple-share, depending on what you have booked. If you are a solo traveller, you will always be sharing a room with someone of the same sex unless you have paid an extra fee for your own room.

If you are travelling as a couple and would prefer to have a double bed, please officially request a double room with your travel agent or Customer Service Consultant. We never presume that two people travelling together are a couple, even if you share the same surname, unless informed otherwise.

Meals

Breakfasts are included every day in the hotel (except on the first morning). They are usually 'continental breakfasts', which are typical in most European countries. A typical breakfast may consist of cereals with milk or yoghurt, bread, croissants, cold meats, cheese and a range of spreads, with fruit juice, tea or coffee to drink. It is rare to get a hot breakfast in continental Europe, though on some occasions there may be some hot food available as well.

Included evening meals are in local restaurants or accommodations, and are either two or three courses. In most cases table water is provided with the meals, and if you wish to purchase additional drinks you can do so at your own expense.

If you have any dietary requirements we will make every effort to cater to your specific needs as long as you advise your travel agent or Customer Service Consultant when you book, or make note of this in the Topdeck app when you check in (refer below). However, please be aware that although we will do everything in our power to arrange it, we cannot guarantee that every restaurant we use will be able to cater to all dietary needs, particularly in Eastern Europe. We also cannot cater for tastes or dislikes, as most of our included evening meals feature a set menu.

No Tip Necessary

Your Topdeck crew never expect tips themselves and will not ask for any; that's not what friends do! We also know how much tipping can cost you. So go ahead, spoil yourself with the money you will save by travelling with Topdeck (just don't forget Mum's souvenir).

Passenger Safety

One of the best parts of travelling is experiencing the nightlife and entertainment each city has to offer. However, amidst the fun and excitement, it's important to be aware of your surroundings and personal safety as well. Before you hit the road with us, it's important to be aware of the following:

When you're on a night out, remember to avoid walking alone, particularly through deserted areas like beaches and back streets. Always stick together, take a taxi where possible, and keep a note of your accommodation details so you can find your way back to your fellow Topdeckers if you become separated.

In some countries, alcoholic measures can be considerably larger than what you may be used to. Try to keep track of what you're drinking, and if you see one of your trip mates looking a little worse for wear, take them back to your accommodation. Be cautious when accepting drinks from strangers and never leave your drink unattended.

It's also important to be aware that what you might consider harmless flirting may be interpreted differently in some countries. Be yourself and have fun, but don't be naïve, and be mindful of the signals you are sending out so that you don't find yourself in an uncomfortable situation.
